- 2 days: 160 CZK / driver

M) List of accepted drivers

The list of accepted drivers and start times will be published at 09:00 on the official notice board at Race Control.

N) Start

Start of the first vehicle in the practice run – 05. 09. 2026, 09:05 / 06. 09. 2026, 09:05

Vehicles will start at 30-second intervals. Competition numbers are assigned according to the competition classes, and drivers must always start within their classes (except drivers sharing a vehicle). All slalom runs will use a flying start, and the driver must start within 5 seconds of the organiser's instruction. At the start, the vehicle must be positioned with its front level with the start line.

O) Checks

Friday 04. 09. 2026	19:30 – 20:30	Administrative checks
Saturday 05. 09. 2026	07:30 – 08:30	Administrative checks
Saturday 05. 09. 2026	07:45 – 10:30	Scrutineering
Sunday 06. 09. 2026	08:00 – 08:30	Administrative checks
Sunday 06. 09. 2026	08:15 – 09:30	Scrutineering

Administrative checks

All drivers must complete administrative checks, where they will confirm the driver declaration and receive all necessary documents. Drivers under 18 must be accompanied at registration by their legal guardian or present a signed consent to compete. Administrative checks take place at the Race Control tent or online (for drivers who have paid in advance).

Scrutineering

Scrutineering will be carried out through the paddock. The driver must be present at their vehicle at the specified time after completing administrative checks and wait for the scrutineer to arrive and inspect the vehicle.

P) Classification

The competition consists of three timed runs. The winner is the driver with the lowest total of times and penalties from all scheduled runs after discarding the worst run. If the totals are equal, the fastest individual run among the compared times decides. Timing is measured to one thousandth of a second.

Q) Stop panel

The finish of the slalom course is flying and will be marked by a red "Finish" panel. At a distance of 80 metres beyond the finish, the driver must stop directly beside the red "Stop" panel. This area is marked by a rectangle; stopping beyond the Stop panel or immediately after the Finish panel is not permitted. The vehicle must come to a complete stop, with none of its wheels moving. Failure to stop at the Stop panel results in a 20-second penalty; a repeated failure results in disqualification from the event.

R) Publication of results

Provisional results will be published on the official Race Control notice board 15 minutes after the last vehicle finishes. Final results will be published 15 minutes after the provisional results. The prize-giving ceremony will follow publication of the final official results in accordance with the timetable.

S) Trophies and prizes

Awarded drivers will receive trophies and any prizes provided by partners.
